

# ROSA PLAZA

Rosa Plaza has lived in Hartford, CT for 38 years and served for 2.5 years as a missionary in Guatemala, Central America. Ms. Plaza had several notable mentors who influenced her to growing up from teaching her English to navigating her way through challenging circumstances. It is from these notable persons that she inherited a passion for serving urban youth. OPP's foundation of support through building mentoring relationships, similar to that which Ms. Plaza had growing up, has driven her through her inspiring career of over 10 years with the agency. Ms. Plaza believes that youth should never walk alone through life and with a caring adult they can strive for greatness.
